# HOYALUX ARRAY<sup>SM</sup> AND ARRAY WRAP BENEFITS:

1

## Greatest Lens Options

These lenses are available in the greatest selection of materials and treatments. Your lens design can be easily duplicated across multiple pairs of clear or sun glasses for consistent vision with all your eyewear.

2

## Free-Form Backside Surfacing Technology

Your custom lens design is optimized for your prescription and shaped to the back surface of your lenses for peak optical design performance.

3

## Vivid Viewing Ranges

Noticeably sharper viewing zones as compared to other traditional progressive lenses.

4

## Clear Peripheral Vision

Wide, stable and natural vision at all viewing distances.

5

## Fluid Transition Between Near and Distance Viewing

Smooth adaptations between all viewing distances and all viewing angles.

6

## More Comfortable

Provide superior ergonomics for near, mid and distance sight for natural, comfortable viewing and head movement.
